The Newport Fraud. MORRISTOWN TENN., Sept. 24, 1880.

MR. EDITOR: The latest democratic

fraud which has been threatening for sev. eral days, has just reached our office. And there is one general expression of disgust, by the honest democrats here-abouts. They all say that they do not approve of any such a course, and many have already said that if the party has no other means of success, than that of deception they will not encourage them PERRY DAVIS' PAIN-KILLER with their votes. They have been heard to say that men, or parties, that will stoop to such a course would be willing to play poker for the control of this country. They are indeed mad and disgusted at the management of their leaders and the honest, conscientious portion of the party seem paralyzed and will not aid any such schemes. But this is the trick. There have been two papers at Newport, one republican, the other democratic. The type and dress of the democratic paper

being very poor, and there being an effort made to consolidate the Reporter wi h the Dandridge Watchman. The proprietor of the Sentinel (democratic) proposed to buy the press and typ+, of the Reporter astensibly to publish the Senti-nel upon. But after a lengthly correspondence with the chairman of the democratic executive committee for this congressional district, they concluded to run the paper seperate from the Sentinel and nia, Influenza, Bronchial Difficulties, to use the name of the Reporter so as to Bronchitis, Hoarseness, Asthma, make the patrons of the Reporter believe it was really a republican paper and that eases of the Breathing Organs. It the paper should pretend to be republican soothes and heals the Membrane of but take out the name of Major Pettibone and put in that of Robert L. Taylor, and thus try to fool the honest voters of the republican party by making them believe that there is a serious disaffection in the republican ranks

They have to make their deception more complete They got the use of the name of one D. L. Yarborough, and I have not heard any man say they thought he could write in one month a one fourth column article that would have any sense in it. He is the same Yarborough who would be af er a fashion a preacher, the same that lost his pistol out of his pocket near Big Creek while baptizing; some new converts; the same that said that for certain censiderations his license to preach would expire 1st. of next January Just what the Taylor managers had to pay for the use of this euphonious name I am not now prepared to say, but will venture the assertion it lost but it tle and was dear at that. He is a fit representation of a party that would undertake such a job as the above of a party that would nominate a Greeley or a Handcock in order to deceive union men; of a party that have always shown a willingness to were the livery of

heaven to serve the devil in. If the democratic managers will make a few more such strikes we will not need speakers or arguments. But they themselves will elect Major

Pettibone by a thousand majority There never was more determination of han now, and I assure that Major Petilone will be our next Congressman. Yours truly,

DISGUSTED.

Letter From Thron Groves. THORN GROVE, Sept. 22, 1880. MR. EDITOR: The family of Mr.

los. Davis, of this place, were all poisoned last Sunday or Monday. Tuesday afternoon; and, after due examination of all the patients, and the circumstances, decided that they were poisoned by the arsenic used in the manufacture of an oil table spread, which the family had used for the first time on Sunday There are seven is family, three of which are improving, the others are still very sick. It is thought they will all recover.

County Superintendent. Smith has just finished visiting the schools, of this, 22nd., dist. He finds our schools about equal to those of the other country districts of the county.

A company of horsemen (republicans of course,) went from here to Strawberry Plains Monday to hear the joint discussion between Judge Houk and Mr. Williams. We were well pleased with the results, but the democrats in and about the plains were rather out of humor.

The Electors at Jacksboro.

JACKSBORO, Sept, 22nd., 1880. MR. EDITOR: Col. H. R. Gibson, and W. L. Ledgerwood Esq., electors 75 for this district spoke at the court ... \$8 00 house to day, to a good audience who listened with marked attention to the arguments. The first speaker, Col. Gibson, made a masterly and telling speech, which carried all impartial listeners of the justness of his career, and the ultimate suca cess of the republican party.

His apponent Mr. Ledgerwood received careful attention, but his arguments failed to convince his hearers that there was any "method ocratic cries for a change 'will doubtless accomplish that result-i e., "a change from Hayes to Garfield"

Sirs: I have sto d the storm of four epidemics of the yellow fever. I had it the first visitation; but during the other three I used your medicine. I was continually in the rooms of the sick and dying, but escaped. I have, had several to ask me how I escaped. I told them it was all owing to the virtue of your SIMMONS LIVER RESULATOR. If the fever was to break out again, and I had a bottle of your REGULATOR, I would feel as safe as it I was one thousand miles away, Respectifully.

CAUTION. As there are a number of imitations offered we would caution the public not to allow some other compound to be palmed off under a similar sounding name, with the assurance that it is as good.
